1. In response to [redacted] request for a brief survey of Venezuelan-Czechoslovakian trade for the period June 1951 - June 1952, we are transmitting a summary statement on the pattern of trade between the two countries during the stated period and import-export statistics for the entire year of 1951, the first half of 1951, and the first half of 1952.

2. No statistics for the second half of 1952 were available, since the Department of Commerce issues statistical compilations for the first six months of a given year and subsequently for the entire year. In order to point up the sharp drop in Venezuelan imports from Czechoslovakia that occurred in the second half of 1951, import statistics for the entire year and the first half of the year have been included.

3. Further requests for information on this subject may be directed to [redacted]
